

technical features of the | IZY BED

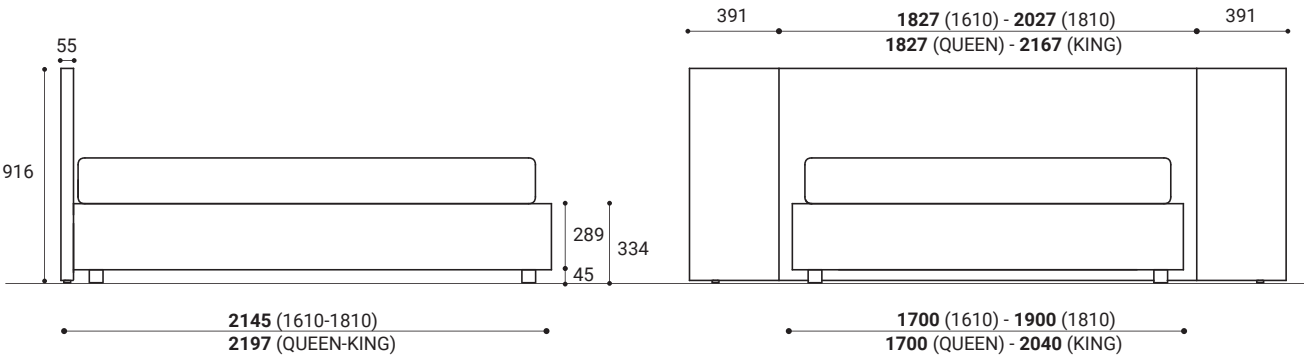

- Bed with a particleboard structure upholstered in removable fabric or Tecnopelle.
- It features a headboard with an adjustable side panel available on one side or on both. It is also available without side panels.
- The headboard is always finished on the rear and stands out because of a set of vertical, stitched lines which match the upholstery.
- In the leather version the bed-frame upholstery is stitched together along the centre of each side.
- The H. 73 mm bed with bed-frame is supplied with an integrated self-bearing slatted base with beech slats. 6 of these slats have rigidity regulators and 4 feature different degrees of firmness for differentiated shoulder support.
- Options: it is also available with a slatted base and storage featuring a two-position lift-up mechanism.

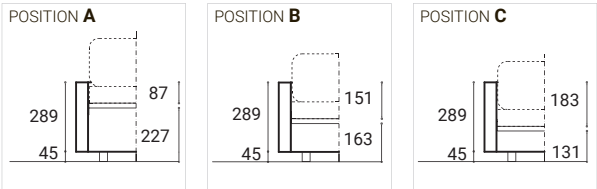

TECHNICAL DRAWINGS

NOTES: Supplied as standard with 220 mm high cylindrical feet in matt lacquer matching the bed-frame upholstery. They are also available with a metallic lacquered finish.

NOTES: Supplied as standard with 45 mm high feet with a black finish.

NOTES: Both the external "A" and the inset "B" positions of the mattress are adjustable. The inset "C" position is available on request.

SLATTED BASE NOT INCLUDED (SEE PAGE 110)

NOTES: The interior measurements refer to the space available for the mattress.
The size of the integrated self-bearing slatted base is smaller than the size of the interior space so that when the mattress is in place the underlying slatted base cannot be seen.
For transport purposes, the integrated self-bearing slatted base is supplied unassembled, in two separate parts.
